 Dear Shantanu,

Thank you for speaking up on behalf of animals and joining our growing, global network. The International Fund for Animal Welfare (IFAW) works across three oceans and in more than 40 countries around the world. From caring for Nania, a rescued elephant, in Burkina Faso, to fighting for North Atlantic right whale protections in the United States, to rescuing and rehabilitating koalas in Australia, we are where animals need us the most.

"Your talk about how animal welfare affects society makes me think of a nursing student who is researching the use of animals in pediatric therapy. Although pioneering, her dissertation on the role of therapy animals in recovery was overwhelming. Similar to IFAW's systematic advocacy, she used Affordable Assignments' research templates to organize data ethically and sought advice from nursing dissertation writing services. Careful attention to detail is essential to both disciplines—one for academic integrity, the other for animals. Intentional frameworks transform passion into influence, whether they are dissertations or the protection of species. Bravo for supporting causes that need perseverance and accuracy.

That is the major reason that the judicial and law enforcement and regulatory systems are in total disarray here in the United Kingdom. The established political parties are unable to represent constituents in this process and are also not able to represent the interests of the constituents in parliament. Consequently democracy too is in shambles. I am talking from direct personal experience over a 26 year period.

Hello there

I have looked for an unsubscribe button specifically on the theme of this GoFundMe Campaign, but could not find such a provision in the emails that you have sent me.

I made a mistake in donating £25 to the campaign and wondered if there was any way it could be refunded to me for not only have I developed a very poor opinion of Peter Cook to be marshalling political affairs in the country, the subject of rejoining the European Union is not on the list of priorities for the country.

I am far more interested in 'THE QUEST FOR MATERIAL JUSTICE-digital.pdf. on which it is evident that Peter Cook and I do not see eye to eye since I first got to know him in June 2024.

By ignoring my submissions since he has shown that he does not have my good interests.

So I am entitled to a refund legally

Yours sincerely

Wow - we are getting replies from our letter and book from across the board in Parliament - Diane Abbott, Ben Lake (Plaid Cymru) and Tom Tugendhat ... as well as Lib Dem Lords and Michael Heseltine. We have mailed 300 books to Parliament. With your help we will be able to finish the job ... Coming up, I've been asked if we can form an organisation to work with the Labour leadership directly in the next couple of months. We'll need to assemble a group of around 20 people from different walks of life. Suggestions welcome. If you wish to mail your MP, you may use our latest piece here

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet. Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b For those people of other countries who share the philosophy of Conservative Libertarians) you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

Good luck with the debate and getting MPs on our side

Good point Peter. I have to take care of myself; planning to go with a friend to watch Kent Cricket match at Canterbury in April/May.

Could I ask you a question: do you think a Labour government can take us back into the European Union without another referendum in this Parliament?

Hi Shan. Yes, cricket. Thanks for that. The pundits aren't very optimistic about Kent's prospects are they. Looking at the first 3 fixtures at Canterbury I can make day 1 (Fri 11 Apr) v Kent, day 2 v Gloucestershire (Sat 19 Apr) and days 2 and 4 (Sat 10 May and Mon 12 May) v Glamorgan. Are any of these days good for you? It would be good to pencil in some dates and then see what the weather is doing! Regards Chris

MAKING IT UP AS ONE GOES ALONG

[Edited: 10.28 am, 7 March 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 345 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality'. But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Mahasamadhi. I wish to make it clear at this point in time. For me Samadhi seemingly started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatana dharma, that is to say karma in sanatana dharma.

Mahasamadhi is total Realisation when one does stop one's karma in sanatana dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

Good point Peter. I have to take care of myself; planning to go with a friend to watch Kent Cricket match at Canterbury in April/May.

Could I ask you a question: do you think a Labour government can take us back into the European Union without another referendum in this Parliament?

MAKING IT UP AS ONE GOES ALONG

[Edited: 10.28 am, 7 March 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 345 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality'. But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Mahasamadhi. I wish to make it clear at this point in time. For me Samadhi seemingly started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatan dharma, that is to say karma in sanatan dharma.

Mahasamadhi is total Realisation when one does stop one's karma in sanatan dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

Dear Ravevi

23 March 2025: MODUS OPERANDI OF CONSERVATIVE LIBERTARIANS

Hello. Hope you are keeping well.

This Welcome Pack communication is just to welcome you to our Community of Conservative Libertarians.

The Conservative Libertarians (UK) and Conservative Libertarians (Global) are permitted by the laws of the United Kingdom and its Parliament to proceed with the work of both its Membership Accounts as already validated to operate with a usual modus operandi.

The technical details of what the institution of Conservative Libertarians stand for are as follows: There are so many things wrong with the deeply and multi-polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have

made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b) For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

So, both the Membership Accounts of The Conservative Libertarian Publications Limited are still validated for Join IT and Brilliant Directories at Stripe Bank. This is the only 100 percent certain thing for me apart from waiting for a response from Peter Cook to my last email: No News is Good News?, for the fact is with no movement on the Petition that I initiated, and no sanction from the Courts of the Conservative Libertarian Society or its offshoots, I cannot claim anything. Since the links of this book to the Court of Central London and then the Court of Appeal had to be withdrawn to keep my progression going along the truth path, I have no proceedings. If I have done anything wrong or do anything wrong, the State authorities will naturally charge me with an offence of misrepresentation of the truth/reality to deceive. This is why the last posted material was Hii with no content; and no reply to my 'Welcome to our Community of Conservative Libertarians share your thoughts and ideas'. So the State is not allowing anyone to accept the implementation of Conservative Libertarian (UK) and Conservative Libertarian (Global)

concepts. They are not even accepting the free memberships that I am offering. Is it sustainable? - let me see.

Dear Sirs

Some communications have just taken place and I have given up hope that Peter Cook is straight with me or too busy with his democratic pursuits on this Sunday, and since he has asked me specifically to cease and desist from copying him cc into emails; I am updating the Court of Appeal with the attached document ALL ABOUT REPUTATION-digital.pdf; to replace: 362. https://archive.org/details/all-about-reputation-digital_20250323_1317 previously submitted on CA-2023-000750.

There is no longer any urgency in this matter since I do not wish to associate politically with socialists and liberals. I will go it alone as a Conservative Libertarian with my two Membership websites that the Court has been made aware of.

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet. Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b) For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

Sep,

As I have explained, Shantanu donated £25 ages ago, which was spent on the campaign. He then complained. After that he has once again donated after I asked him NOT to do that.

I think your suggestion of unsubcription is the best course of action as this will prevent him from making further donations.

Shantanu Panigrahi (He/Him) 6:19 AM

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b For those people of other countries who share the philosophy of Conservative Libertarians) you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.

In case you need additional information; please check here:

Best wishes

I am very sorry, I am a 68 year old man and have no contacts. I am just a writer of my thoughts and examine factual information to base these on. I cannot help you with job search to be very honest with you. But I can give you free membership of my party at:

<https://app.joinit.com/o/conservative-libertarians/> if you wish to get involved. It is a good cause

that will make the United Kingdom a good place to live in with all the people having harmonious relationships with each other and the State. If you wish and send me your email address, I will enter you in the two Membership websites which can only enhance your chances of finding a job. Apart from that I can only give you friendly advice.

I am in Samadhi nowadays away from proactive truthseeking within the philosophy that I came up with from our Hindu traditions of karma in sanatan dharma.

The Samadhi state within the practice of Vishista Advaita Vedanta comes naturally: the yoga ensures it, It is comprehensive yoga that one needs to practice, encompassing bhakti, gyana, karma, dharma, hatha, that I know of. That process of truth-discovery takes one along one's truth-path and the end product of that travel is the Samadhi state. In this state, one is beyond 'ananda' and in 'nirvana'.

Hi Shantanu,

Thank you for your patience so far.

Firstly, I apologize for the inconvenience you have faced so far in this email thread. I understand your customers have reported fraud and also understand how important this is for you.

I read the email thread and found that you were concerned about the account with the name "The Conservative Libertarian Publications Limited". Upon checking, I saw the account was deleted.

I have gone through the documents you shared in order to refer to the payment details. Upon checking the details carefully, I was unable to locate any transactions. In order to help us properly locate and identify the debit, I would like to ask you to verify the information you have provided and send us a picture of the debit as it appears on your bank statement.

To share an image with us, you can use our safe upload tool here:

https://support.stripe.com/filepickup/ut_live_3cEV4buRZuTxVBffnoyQy8I

I would also suggest contacting your bank or credit card company to see if they have any further information about the merchant who created the charge (as opposed to Stripe, the payment processor they used).

They should also be able to advise you how to proceed when you see a charge on your bank statement you don't recognize.

I will be looking forward to your response.

Best,

Aarti
